

Free Estonian language courses

for newly arrived immigrants

We offer free Estonian language courses at A1, A2, and B1 levels as part of the Settle in Estonia adaptation programme.

Additional information and registration: settleinestonia.ee

The adaptation programme Settle in Estonia is for people who have arrived in Estonia and plan to stay for a longer period of time and have lived here for less than 5 years with a residence permit or right of residence — for example, refugees who have been granted international or temporary protection, as well as people who have migrated to Estonia to work or study. We offer language training as well as other trainings necessary for everyday life in Estonia. The adaptation programme Settle in Estonia is free for participants.

Kuidas läheb?

Aitäh!

Milline on sinu lemmiklinn Eestis?

Palun

Tere!

Saame sõpradeks!
